

## PREFACE

Can you take a TOEIC Listening or Reading test in just 5 minutes?! You can when you study with CHALLENGE TOEIC. That's because CHALLENGE TOEIC is organized into 24 chapters, each built around a "mini-test"—16 for Listening and 8 for Reading. These mini-tests have question types from every section of TOEIC, but unlike a full TOEIC test which takes 45 minutes to complete, you can complete a CHALLENGE TOEIC mini-test in just 5 minutes.

After you've taken the mini-test, your professor will help you check your answers and will provide detailed explanations to help you understand why one answer is correct, and why each of the others is not. Study these explanations and you will soon be familiar with all the "tricks" the writers of TOEIC use to confuse you. Familiarity with the methods of TOEIC is just as important as familiarity with English itself. You're probably already "English smart." To be successful on TOEIC, you have to be "test smart" too.

CHALLENGE TOEIC will make you "test smart" while teaching you valuable new grammar, idioms and vocabulary and sharpening your listening and reading skills.

The concise and thorough presentations found in CHALLENGE TOEIC make it a perfect choice as a course text and for busy people who want a full TOEIC lesson in as short time as possible.

Challenge the TOEIC test with confidence. Study with CHALLENGE TOEIC!!
